INDEX TO VOLUME XIV

1930

AIRCRAFT RADIO

A.R.R.L. Coöperates With the "Arctic Patrol" in Mid-winter Maneuvers (Handy) ..... 29, May
A Multi-Range Receiver With Four Tuned Circuits (Kruse) ..... 21, Oct.
Airplane Radiophone Communication Experiments (Vincent) ..... 9, May
Correction ..... 32, July
Amateur Radio at the All-American Air Races ..... II, Apr.
Radio Control of Airport Lights (Gostin) ..... 19, Apr.
The New Arbella — KH1JQ ..... 52, Aug.
The Springfield Air Races ..... 51, Aug.

AMATEUR RADIO STATIONS

Amateur Radio at Eastern States Exposition (De Soto) ..... 17, Dec.
G5BY Wins 1929 Station Description Contest Cup (J. J. L.) ..... 17, Jan.
The Story of W1MK (Handy) ..... 31, Dec.
VE2CA ..... 33, July
W1AOF ..... 50, Apr.
W1KH ..... 45, Feb.
W4GV ..... 52, May
W5ZG-W5VY ..... 47, Nov.
W7GP ..... 45, Oct.
Correction ..... 44, Dec.
W9ANZ ..... 43, Aug.
W9BAG ..... 42, Jan.
W9BAN ..... 51, Sept.
W9BVH ..... 48, Mar.

AMATEUR REGULATIONS AND LEGISLATION

Changes in Regulations ..... 30, Dec.
Display Your Licenses ..... 90, Sept.
Editorial ..... 7, Jan.
" ..... 7, May
Our Regulations Are Revised (Warner) ..... 16, May
Out-of-Band Policy (Warner-Terrell) ..... 64, Aug.
President Maxim Testifies at Washington ..... 29, Apr.
Stray ..... 36, Mar.
" ..... 78, Oct.
The First Conviction Under the Radio Act (Quimby) ..... 34, Aug.
"Twenty-Meter" 'Phone Authorized (K. B. W.) ..... 26, Jan.

AMPLIFIERS — AUDIO AND RADIO

A High-Gain Direct-Coupled Power Amplifier (Fleming) ..... 37, Mar.
A Multi-Range Receiver With Four Tuned Circuits (Kruse) ..... 21, Oct.
A Potential Divider for Use at Radio Frequencies (Exp. Section) ..... 78, Sept.
Audio Frequency Selectivity (Exp. Section)—Bibliography ..... 84, Jan.
Bias for the Power Amplifier (Exp. Section) ..... 37, Aug.
Further Switching Devices (Exp. Section) ..... 51, May
Matching the Speaker to the Output Tube (Thomson) ..... 31, Jan.
Neutralizing Radio-Frequency Amplifiers (Foreman) ..... 31, Oct.

ANTENNA SYSTEMS

A Note on High Frequency Antennas (Exp. Section) ..... 48, Jan.
An Old Timer Gets Back in the Game (Hubbell) ..... 26, Nov.
Coupling the Single-Wire Feeder Antenna to a Push-Pull Transmitter (Exp. Section) ..... 33, June
Dummy Antennas (Omer) ..... 15, Aug.
Ham Band Antenna (Exp. Section) ..... 48, Apr.
Inductively Coupling to "Ethereal Adornments" (Exp. Section) ..... 46, Apr.
Lead-In Insulators (Exp. Section) ..... 44, Oct.
NKF Experiments Above 28 Megacycles (Lamb) ..... 9, Apr.
Replacing Antenna Halyards on an Eighty-Foot Mast (Robbins) ..... 15, Feb.
Stray ..... 26, Jan.
The Doublet Antenna (Houldson) ..... 23, Dec.
The Single-Wire-Fed Hertz (Exp. Section) ..... 40, Oct.
Three-Band Transmitting Antennas (Exp. Section) ..... 45, Dec.
Tuned Antennas for Receiving (Exp. Section) ..... 39, Oct.
Tuning the Oscillator to the Single-Wire Feed Hertz Antenna (Exp. Section) ..... 50, May

ARMY AMATEUR

Army-Amateur Notes:
V, January
IV, April
V, May
Changes in the Regulations for the Army-Amateur Radio System ..... I, Feb.
Operating Directive No. 1 (1930–31) ..... V, Oct.
Splendid Coöperation (Davison) ..... 56, Apr.
The Army-Amateur Radio System (Smith) ..... 58, May

BEGINNERS

Amateur Radio at Eastern States Exposition (De Soto) ..... 17, Dec.
Another Angle on the Beginner Problem (Pipp) ..... 70, Aug.
Beginners! ..... V, Apr.
Beginners, Attention! ..... VI, Oct.
" " ..... IV, Nov.
Constructive Work on 'Phone (Ensor) ..... 52, June
Passing the Government Examination for Amateur Operator's License (Dudley) ... Part I, 35, Jan.
Part II, 39, Feb.
Correction ..... 52, Apr.
Wanted — Code Practice Volunteers ..... II, Oct.
" " " " ..... III, Nov.

BETTER OPERATING PRACTICES

A Good Method of Calling (Haltiwanger) ..... 60, May
A Shake Up (Storck) ..... VI, Sept.
A Suggestion (Vincent) ..... 56, June
A Suggestion for Handling Traffic (Wallace) ... 64, Sept.
A Warning ..... II, Apr.
Check — and Double Check (Harrison) ..... 58, Apr.
Check Your Frequency (Mayer) ..... I, May
Editorial ..... 7, Feb.
" ..... 7, Mar.
From an O. O. (Pugsley) ..... 60, July
High Quality Signals (Lists of) ..... VI, Jan.
II, Mar.
V, May
36, June
Is This Operating? (Mayer) ..... I, Apr.
Know the Law — and Take Heed (Turner) ... II, Oct.
Making and Keeping Schedules (Hubbell) ..... I, Mar.
New Year's Resolutions in Order ..... II, Jan.
Notes on Frequency Observance (F. E. H.) ... I, May
Off Frequency Stations (F. E. H.) ..... I, Mar.
Off Frequency Operation (Kennedy) ..... 62, Sept.
Passing the Government Examination for Amateur Operator's License (Dudley) ... Part I, 35, Jan.
Part II, 39, Feb.
Correction ..... 52, Apr.
QRM (McCarthy) ..... 58, Nov.
QSP (Neubrecht) ..... 64, July
Radio Division Checks Up Amateurs (F. E. H.) I, Sept.
S. F. (Grewe) ..... 52, Oct.
Some Comparisons (Boland) ..... 52, Jan.
The Off-Frequency Problem (McWatters) ..... 58, June
Useless Efficiency? (Sullivan) ..... VI, Sept.
Warning — Off Frequency Stations ..... IV, Feb.
Why Keep a Log? (Gibbs) ..... 35, June
Your Log (Hubbell) ..... 47, July

BOOK REVIEWS

A B C of Television (Yates) ..... 88, Jan.
Elements of Radio Communication (Morecroft) 86, Jan.
English and Science (McDonald) ..... 88, Jan.
How to Pass U. S. Government Radio License Examinations (Duncan and Drew) ..... 86, Jan.
Photo-electric Cells (Campbell and Ritchie) .... 86, Oct.

Page numbers in Roman Numerals refer to Communications Department in issue indicated

Practical Radio Construction and Repairing (Moyer and Wostrel) ... 80, Mar.
Principles of Radio (Henney) ... 78, Mar.
Radio and Its Future (Codel) ... 90, Sept.
Radio Telegraphy and Telephony (Duncan and Drew) ... 86, Jan.
Radio Traffic Manual and Operating Regulations (Duncan and Drew) ... 88, Jan.
Riding the Air Waves (Palmer) ... 84, Oct.
Storage Batteries (Vinal) ... 86, Oct.
The Radio Manual (Sterling) ... 78, Mar.

BREAK-IN

(See KEYING)

CALLS HEARD

51, January
57, February
54, March
55, April
57, May
51, June
59, July
63, August
57, September
51, October
53, November
51, December

COILS

A Handy Way to Lay Out Coils (Exp. Section) ... 41, July
A Method of Measuring Capacity and Inductance (Exp. Sec.) ... 47, Sept.
A Neat "Clip" for Transmitter Coils (Exp. Section) ... 42, July
A Simple Primary Reactor (Exp. Section) ... 44, Oct.
High Frequency Inductances (Ausman) ... 38, Feb.
Impedance Measurement with the Pliodynatron (Exp. Section) ... 39, July
Low Loss Coils (Exp. Section) ... 45, Nov.
Matching the Speaker to the Output Tube (Thomson) ... 31, Jan.
Mountings for Transmitting Coils (Exp. Section) ... 41, Aug.
Notes on Radio Frequency Resistance of Inductances (Exp. Section) ... 52, Feb.
Winding Data for the Tube-Base Coil (Grammer) ... 26, Feb.
Winding Form for Copper Tubing (Exp. Section) ... 43, Oct.

CONDENSERS

A 5-Meter Variable Capacity (Exp. Section) ... 43, Nov.
A Method of Measuring Capacity and Inductance (Exp. Section) ... 47, Sept.
A Micro-Condenser for Amateur Band Tuners (Dingee) ... 24, Jan.
A New Condenser for Amateur Tuners (B. D.) ... 34, Mar.
A New Electrolytic Condenser ... 54, May
Calculating Capacity of the Micro-Condenser (Exp. Section) ... 47, Apr.
Electrolytic Condensers and a High-Voltage Rectifier (Rodimon) ... 31, Mar.
Filament By Pass Condensers (Exp. Section) ... 42, Oct.
Revolutionary — and How! (Luther) ... 27, Apr.
The *QST* Lab. Capacity Bridge (Dudley) ... 27, Sept.

CONTESTS

G5BY Wins Station 1929 Description Contest Cup (J. J. L.) ... 17, Jan.
Los Angeles and East Bay Sections Conclude Traffic Contest ... III, Mar.
Navy Day — 1929 (Battey) ... 18, Jan.
Navy Day Competition ... I, Oct.
The All-Section Sweepstakes Contest (Battey) ... 43, May
The Roberts' Cups ... VI, Oct.
The Third International Relay Competition (Battey) ... 17, Aug.
Trophies and Certificates for the January and February Contests (Handy) ... 15, Jan.

CONVENTIONS

Atlantic Division Convention (Erie) Announcement ... 66, June
Atlantic Division Report ... 90, Sept.
Central Division Convention (Dayton) Ann. ... 8, Aug.
" " Report ... 14, Nov.
Hudson Division Convention (New York) Ann. ... 41, May
" " Report ... 42, Aug.
I. R. E. Convention (Toronto) Ann. ... 90, Aug.
Midwest Division Convention (Ames) Ann. ... 88, Apr.
" " " " " ... 41, May
" " Report " " ... 32, Aug.
Midwest Division Convention (Topeka) Ann. ... 14, Aug.
" " Report " " ... 88, Nov.
New England Division Convention (Worcester) Ann. ... 15, Mar.
New England Division Convention (Worcester) Ann. ... 45, Apr.
New England Division Report (Worcester) Ann. ... 38, July
New England Division Convention (Portland) Ann. ... 32, Aug.
New England Division Report (Portland) Ann. ... 18, Nov.
Northwestern Division Convention (Spokane) Ann. ... 8, Aug.
Northwestern Division Report (Spokane) Ann. ... 78, Nov.
Pacific Division Convention (Honolulu) Ann. ... 8, Aug.
" " Report " " ... 38, Nov.
Pacific Division Convention (Sacramento) Ann. ... 35, Sept.
" " " " " " ... 82, Oct.
Radio Manufacturers' Association Convention ... 8, June
Roanoke Division Convention (Charlotte, N. C.) Ann. ... 29, Mar.
Roanoke Division (Charlotte, N. C.) Report ... 25, May
Roanoke Division Convention (Richmond) Ann ... 41, Sept.
Report ... 78, Dec.
The Pacific Division Convention (1929) Report ... 50, Feb.
The Southeastern Division Convention (1929) Report ... 44, Mar.
The West Gulf Division Convention (1929) Report ... 44, Feb.
The Vanalta Division Convention (Vancouver) Report ... 30, Nov.
West Gulf Division Convention (Houston) Ann. ... 88, Sept
" " " " " " ... 80, Oct.

EMERGENCY AND RELIEF WORK

Amateur Radio Scores Again ... III, Feb.
Naval Reserve Coöperates With Red Cross ... 29, Aug.
Naval Reserve Holds Its First National Emergency Drill (Lee) ... 25, July

EXPEDITIONS

All-American Mohawk Malaysian Expedition (Seelman) ... 52, June
Byrd Contact ... V, Apr.
DAIV ... 51, Aug.
Expeditions ... III, Jan.
" ... I, Sept.
Finding the Expeditions ... 39, Apr.
" " " ... 33, Aug.
Hamming With a Portable in Africa (De Vinna) ... 27, July
Second Roumanian Arctic Expedition (Bassett) ... 35, June
The Story of PMZ (Wells) ... 9, Aug.
WDDE ... 47, July
With IPH in Mexico (Sandham) ... 17, Sept.

EXPERIMENTERS' SECTION

January, page 47:
An A.C. Receiver
A Novel Crystal Mounting
A Note on High Frequency Antennas
A Delayed Time Relay for the Transmitter
Audio Frequency Selectivity
Bibliography on Methods of Obtaining Audio Frequency Selectivity
February, page 51:
Notes on the Monitor (Grammer)
Reducing the Static/Signal Ratio
Notes on Radio Frequency Resistance of Inductances
Bibliography on Constant Frequency Transmitters
March, page 45:
An Effective Break-In Arrangement (McAuly)
Regeneration Control
Operating Tubes in Parallel at 14 mc. (Penny)
The Space Charge Detector
'Phone Transmitters
Bibliography on 'Phone Transmitters

Page numbers in Roman Numerals refer to Communications Department in issue indicated.

April, page 46
- Inductively Coupling to "Ethereal Adornments" (Washburn)
- A Simple Resistance Bridge
- Calculating Capacity of the Micro-Condenser (Stedman)
- Improving the Transmitter
- Ham Band Antenna (Wallace)
- Frequency Standardization
- Bibliography on Frequency Measurements

May, page 48:
- A Simple Method of Checking Modulation Percentage
- A Useful Amateur Tuning Arrangement
- Novel Receiver at W9AIR
- Tuning the Oscillator to the Single-Wire Feed Hertz Antenna
- Further Switching Devices
- Bibliography on Crystal Control

June, page 33:
- Coupling the Single-Wire Feeder Antenna to a Push-Pull Transmitter
- Concerning the Bibliography

July, page 39:
- Impedance Measurement With the Pliodynatron (Zottu)
- An Unusual R.F. Choke
- A Panel Saw
- A Handy Way to Lay Out Coils
- Eliminating Key Clicks
- The Resistance Bridge in the April "X"-Section
- A Neat "Clip" for Transmitter Coils
- A Flexible Receiver (Harrison)

August, page 36:
- 7-Mc. Crystals (Hollister)
- Bias for the Power Amplifier
- Some Harmonic Peculiarities
- Screen Grid Detectors in Push-Pull
- Converting the Single Control Transmitter to Push-Pull
- An A.C.-Operated Receiver with D.C. Tubes
- Three-Wire Remote Control with Mercury Vapor Rectifiers (Hubbell)
- Mountings for Transmitting Coils
- Re: Screen-Grid Detector

September, page 47:
- A Method of Measuring Capacity and Inductance (Briggs)
- Tuned Filters
- A Receiver with Push-Pull R.F. and Detector
- Exploring the 56 Megacycle Band (Hooton)
- Eliminating Hum
- A Potential Divider for Use at Radio Frequencies (Hale)

October, page 39:
- Tuned Antennas for Receiving
- The Single-Wire-Fed Hertz
- An A.C. Combination Receiver (Wall)
- The Space-Charge '22 Detector
- Filament By Pass Condensers
- A Useful Lamp Bank
- Line Pad for Remote Control
- Winding Form for Copper Tubing
- A Simple Primary Reactor

November, page 41:
- Radiophone Reception (Vincent)
- An All-Purpose Filament Transformer (Douglas)
- A 5-Meter Variable Capacity (Somerset)
- Remote Control (Thisse)
- Another Stunt for Changing Bands (Alexander)
- Magnifying the Dial Scale (Moats)
- Low Loss Coils
- Protecting the Rectifier (Hurley)
- Inductive Grid Leaks
- Clickless Keying
- A Good Relay (Payne)
- Another Use for Automatic Power Control

FICTION

An International 'Phone Dilemma (The Alaskan) 27, May
Coöperating with the B. C. L. (The Old Connecticut Yankee) 16, Mar.
Hams Are Born — Not Made ("Felix") 27, Jan.
Harmonious Harmonics (Uncle Jimmy and the Boys) 36, Sept.
Revolutionary — And How! (Luther) 27, Apr.
Say, Son — (The Old Man) 35, Mar.
40, Apr.
26, May
22, Aug.
The Milkotron (Darrow) 31, Nov.
While Listening In (Taylor) 32, Feb.

FREQUENCY CALIBRATION AND CONTROL

A.R.R.L. Headquarters to Have an Accurate Frequency Standard (J. J. L.) 8, May
Bibliography on Frequency Measurements (Exp. Section) 49, Apr.
Bringing Frequency Measurement Up to Date (Grammer) 21, Sept.
Change In Standard Frequency Schedules 8, Feb.
Changes in A.R.R.L. Standard Frequency Service (J. J. L.) 47, May
Experiments With Dynatron Oscillators (Sussmeyan) 33, Sept.
Frequency Standardization (Clapp and Crawford) 9, Mar.
Frequency Standardization (Exp. Section) 48, Apr.
Official Frequency System (J. J. L.) 41, Jan.
30, Mar.
42, May
Official Frequency System Progress (J. J. L.) 23, July
Standard Frequency System News (J. J. L.) 31, Aug.
40, Sept.
38, Oct.
Standard Frequency News and Schedules (J. J. L.) 39, Nov.
Standard Frequency Signals and Schedules (J. J. L.) 43, Dec.
Stray 29, Mar.
The Dynatron Frequency Meter (Grammer) 9, Oct.
WWV Standard Frequency Schedules 88, Aug.
" " " " 8, Jan.

34, Oct.
Election Results IV, Mar.
VII, May
50, July
IV, Nov.
Financial Statements 49, Apr.
68, June
84, Oct.
86, Dec

Page numbers in Roman Numerals refer to Communications Department in issue indicated.

Huber Resigns ..... 44, Oct.
Movies Available ..... 29, Mar.
Mr. Terrell Reports on the Amateur ..... 8, Feb.
New O.R.S. Certificate Issue Ready (F. E. H.) ..... I, Nov.
Preparing an Article for *QST* (Lamb) ..... 35, Oct.
Southeastern Divisions Sections Consolidate ..... 48, Dec.
Staff Changes ..... 15, May
Standardization in the Field of Radio Engineering (Dudley) ..... 20, Dec.
The Annual Meeting of the A.R.R.L. Board (Warner) ..... 20, July
The Federal Radio Commission Reports ..... 8, Apr.
The President's Corner (Maxim) — Looking Ahead ..... 20, Oct.
Time Signals from W9XAM ..... 8, June
United States Civil Service Examination ..... 8, Mar.
What Feeling Exists Between American and Foreign Amateurs? (Brockert) ..... 37, Nov.
Who's Who in Amateur Wireless (Allen H. Babcock and Louis R. Huber) ..... 28, Dec.

MONITORS

Another Use for the Automatic Power Control (Exp. Section) ..... 46, Nov.
Dummy Antennas (Omer) ..... 15, Aug.
Notes on Frequency Observance ..... I, May
Notes on the Monitor (Exp. Section) ..... 51, Feb.
Stray ..... 78, Feb.
The Dynatron Frequency Meter (Grammer) ..... 9, Oct.

OBITUARY

Charles S. Taylor, 1883–1930 ..... 90, July
Clyde Elden Darr, 1879–1929 ..... 25, Feb.
Silent Keys
88, Jan. 86, June
78, Feb. 86, July
49, April 76, Oct.

OFFICIAL BROADCASTING STATIONS

Changes and Additions
VI, Jan. 39, June
VI, Feb. 52, Aug.
XVI, March V, Sept.
III, April III, Nov.
Lists of Stations ..... IV, May III, Oct.

POWER SUPPLY

(See also AMATEUR RADIO STATIONS)

A Compact and Inexpensive Chemical Rectifier (Parsons) ..... 15, July
A Complete Push-Pull C.W. Transmitter at Low Cost (Grammer) ..... 8, Nov.
A New Line of Power Transformers and Chokes ..... 30, Sept.
A Power Supply for the Low-Power Transmitter (Grammer) ..... 23, Feb.
A Power Transformer for the Lean Purse (Harrington) ..... 25, Jan.
A Simple Primary Reactor (Exp. Section) ..... 44, Oct.
A Three-Phase High-Voltage Rectifier (Tribbey) ..... 37, Feb.
An All-Purpose Filament Transformer (Exp. Section) ..... 42, Nov.
An Old Timer Gets Back in the Game (Hubbell) ..... 26, Nov.
Easy Correction of Line Voltage (Warren) ..... 28, Feb.
Electrolytic Condensers and a High-Voltage Rectifier (Rodimon) ..... 31, Mar.
Getting That D.C. Plate Supply (Grammer) ..... 9, June,
How Filters Work (Ester) ..... 58, Oct.
Plate Supply Filters and Keying (Coe) ..... 39, Jan.
Protecting the Rectifier (Exp. Section) ..... 45, Nov.
Stray ..... 34, Oct.
The A B C of Filter Design (Zottu) ..... 34, Apr.
Correction ..... 86, July
Three-Wire Remote Control with Mercury Vapor Rectifiers (Exp. Section) ..... 40, Aug.
Tuned Filters (Exp. Section) ..... 48, Sept.

RECEIVING — GENERAL

A Flexible Tube and Set Tester (Jones) ..... 21, Feb.
Correction ..... 52, Apr.
A Panel Saw (Exp. Section) ..... 40, July
A Useful Amateur Tuning Arrangement (Exp. Section) ..... 49, May
An A.C.-Operated Receiver with D.C. Tubes (Exp. Section) ..... 39, Aug.
An Unusual R.F. Choke (Exp. Section) ..... 40, July
Another Stunt for Changing Bands (Exp. Section) ..... 44, Nov.
Another Use for the Automatic Power Control (Exp. Section) ..... 46, Nov.
Audio Frequency Selectivity (Exp. Section) — Bibliography ..... 84, Jan.
Converting the Four-Tube Receiver to A.C. Operation (Exp. Section) ..... 45, Dec.
Eliminating Hum (Exp. Section) ..... 50, Sept.
Further Switching Devices (Exp. Section) ..... 51, May
Low-Loss (Clarkson) ..... 60, Oct.
Magnifying the Dial Scale (Exp. Section) ..... 44, Nov.
Matching the Speaker to the Output Tube (Thomson) ..... 31, Jan.
Radiophone Reception (Exp. Section) ..... 41, Nov.
Re: Screen Grid Detector (Exp. Section) ..... 41, Aug.
Reducing the Static/Signal Ratio (Exp. Section) ..... 52, Feb.
Regeneration Control (Exp. Section) ..... 45, Mar.
Screen Grid Detectors in Push-Pull (Exp. Section) ..... 38, Aug.
Some Constructional Kinks (Grammer) ..... 41, Mar.
Some Harmonic Peculiarities (Exp. Section) ..... 36, Aug.
Stray ..... 14, Feb.
" ..... 90, Apr.
" ..... 14, Aug.
The Operating Characteristics of Vacuum Tube Detectors (Robinson) ..... Part I, 23, Aug. Part II, 42, Sept.
The Space-Charge '22 Detector (Exp. Section) ..... 41, Oct.
The Space Charge Detector (Exp. Section) ..... 46, Mar.
The Superiority of Screen-Grid Detectors (Rydberg and Doty) ..... 43, Apr.
Tuned Antennas for Receiving (Exp. Section) ..... 39, Oct.
Winding Data for the Tube-Base Coil (Grammer) ..... 26, Feb.

RECEIVERS

(See also AMATEUR RADIO STATIONS)

A Flexible Receiver (Exp. Section) ..... 43, July
A Multi-Range Receiver With Four Tuned Circuits (Kruse) ..... 21, Oct.
A Receiver With Push-Pull R.F. and Detector (Exp. Section) ..... 48, Sept.
A Two-Tube A.C. Receiver (Grammer) ..... 11, Dec.
An A.C. Receiver (Exp. Section) ..... 47, Jan.
An A.C. Combination Receiver (Exp. Section) ..... 40, Oct.
An All-Service Portable Receiver (Chinn) ..... 39, May
Airplane Radiophone Communication Experiments (Vincent) ..... 9, May
Correction ..... 32, July
Improvements in the High-Frequency Receiver (Gluck) ..... 31, Feb.
Novel Receiver at W9AIR (Exp. Section) ..... 49, May
Radio Control of Airport Lights (Gostin) ..... 19, Apr.
Revolutionizing High-Frequency Tuner Design (Hoffman and Mix) ..... 9, Feb.
Something New in Receiver Design (Stevens) ..... 15, Nov.
The A.C. High-Frequency Receiver (Dudley) ..... 9, Jan.
The Band-Box Superhet (Anderson) ..... 17, June
The High-Frequency A.C. Receiver at W8AYO (McFarlin) ..... 23, Apr.
Your Broadcast Receiver as a Short-Wave Superhet (Grammer) ..... 8, July

RECTIFIERS

(See POWER SUPPLY)

REMOTE CONTROL

(See KEYING)

RESISTANCES

A Non-Inductive Resistor ..... 40, Nov.
Correction ..... 44, Dec.
A Simple Resistance Bridge (Exp. Section) ..... 46, Apr.
A Useful Lamp Bank (Exp. Section) ..... 42, Oct.
Accurate Wire Wound Resistors ..... 34, Jan.
Line Pad for Remote Control (Exp. Section) ..... 43, Oct.
Stray ..... 35, Aug.
The Resistance Bridge in the April "X"-Section (Exp. Section) ..... 42, July

TRANSMITTING — GENERAL

(See also AMATEUR RADIO STATIONS)

A Chokeless Hartley Circuit (Exp. Section) ..... 45, Dec.
Advanced Transmitter Design (Lamb) ..... 21, June
An Old Timer Gets Back in the Game (Hubbell) ..... 26, Nov.
Correction ..... 44, Dec.

Page numbers in Roman Numerals refer to Communications Department in issue indicated.

Bibliography On Constant Frequency Transmitters (Exp. Section) ..... 54, Feb.
D.C. House Current for the Transmitter (Exp. Section) ..... 47, Dec.
Filament By Pass Condensers (Exp. Section) .. 42, Oct.
How Our Signals Look (Griffith) ..... 27, Oct.
Improving the Transmitter (Exp. Section) ..... 47, Apr.
Inductive Grid Leaks (Exp. Section) ..... 45, Nov.
Locking the Transmitter (Turner) ..... 29, Feb.
Neutralizing Radio-Frequency Amplifiers (Foreman) ..... 31, Oct.
Operating Tubes in Parallel at 14 mc. (Exp. Section) ..... 46, Mar.
Some Constructional Kinks (Grammer) ..... 41, Mar.
Stray ..... 15, May

TRANSMITTERS — CRYSTAL CONTROL

(See also AMATEUR RADIO STATIONS and TRANSMITTING — 'PHONE)

7-Mc. Crystals (Exp. Section) ..... 36, Aug.
A New Type of Crystal Holder (Klenk) ..... 29, Dec.
A Novel Crystal Mounting (Exp. Section) ..... 47, Jan.
Bias for the Power Amplifier (Exp. Section) ... 37, Aug.
Bibliography on Crystal Control (Exp. Section) 51, May
Bibliography on Crystal Controlled Constant Frequency Transmitters (Exp. Section) ..... 54, Feb.
Crystallizing Crystal Grinding (Lamb) ..... 41, Apr.
NKF Experiments Above 28 Megacycles (Lamb) 9, Apr.
Quartz Crystal Facts (Hollister) ..... 29, Jan.
QSY With Crystal Control (Phelps) ..... 31, Sept.
QSY With Crystal Control (Exp. Section) .... 45, Dec.

TRANSMITTING — 'PHONE

(See also AMATEUR RADIO STATIONS)

A Modern 50-Watt Radiophone Transmitter (Chinn and Hendricks) ..... 19, Nov.
A Simple Method of Checking Modulation Percentage (Exp. Section) ..... 48, May
Airplane Radiophone Communication Experiments (Vincent) ..... 9, May
Correction ..... 32, July
Bibliography on 'Phone Transmitters (Exp. Section) ..... 47, Mar.
Comments on 14 Mc. 'Phone (Phelps) ..... 58, Mar.
Editorial ..... 7, Jan.
14-Mc. 'Phone Transmission (Dudley) ..... 17, Mar.
Line Pad for Remote Control (Exp. Section) ... 43, Oct.
Radio Control of Airport Lights (Gostin) ..... 19, Apr.
Stray ..... 46, Nov.
Vacuum Tube Layouts for Telephone Modulation (Spitzer) ..... 17, Feb.
"Vacuum Tube Layouts —" Corrected (Spitzer) ..... 55, Mar.
Volume Level Indicators (Omer) ..... 33, Nov.
Correction ..... 44, Dec.

TRANSMITTERS — LOW POWER

A Complete Push-Pull C.W. Transmitter at Low Cost (Grammer) ..... 8, Nov.
A Low Power Transmitter ..... 18, Apr.
Converting the Single Control Transmitter to Push-Pull (Exp. Section) ..... 39, Aug.

TUBES

A Correction (Mitchell) ..... 58, Feb.
A Potential Divider for Use at Radio Frequencies (Exp. Section) ..... 78, Sept.
Distortion Rule Obtainable ..... 8, Jan.
New DeForest Tubes ..... 24, July
New Two-Volt Tubes (G. G.) ..... 22, July
QST Adopts a System of Uniform Tube Designation (J. J. L.) ..... 28, May
The Dynatron (Newbold) ..... 33, Feb.
The Operating Characteristics of Vacuum Tube Detectors (Robinson) ..... Part I, 23, Aug.
Part II, 42, Sept.
Vacuum Tube Layouts for Telephone Modulation (Spitzer) ..... 17, Feb.
"Vacuum Tube Layouts —" Corrected (Spitzer) 55, Mar.

ULTRA-HIGH FREQUENCY

28-Mc. ..... III, Jan.
28-Mc. Experimenters ..... VI, Feb.
A 5-Meter Variable Capacity (Exp. Section) ... 43, Nov.
Advanced Transmitter Design (Lamb) ..... 21, June
Exploring the 56 Megacycle Band (Exp. Section) 49, Sept.
High-Frequency Inductances (Ausman) ..... 38, Feb.
High-Frequency Notes (Rodimon) ..... 26, Oct.
Hunting Trouble on 28-Mc. (Blais) ..... 21, Jan.
International Communication on 28 Megacycles (Rodimon) ..... 21, May
Making Practical Use of the 56-Mc. Band (Long) 13, Sept.
More Progress on 28 Megacycles (Rodimon) .... 29, June
NKF Experiments Above 28 Megacycles (Lamb) 9, Apr.
